# Subject Index for 2002

NOTE: Names of new taxa are set in **bold-face** type. Numbers refer to papers listed in the author index.

- Africa, North and West
  - paleobiogeography
  - ostracods, 12
- Albania, Mirdita area
  - Jurassic
  - Radiolaria, 8
- Algae
  - Acicularia robusta*, 9
  - Niloporella*, 9
  - Neoporella subglobosa*, 9
  - Paleogene
  - Egypt, 9
- Atlantic, north western margin
  - Maastrichtian
  - nannofossils, 27
- Biostratigraphy
  - Cretaceous, Upper
  - diatoms, 31
  - Eocene, Late
  - Oman Mountains, 1
- Canada, northern
  - Cretaceous, Upper
  - diatoms, 31
- Carboniferous
  - Thailand, southernmost
  - Radiolaria, 26
  - Yemen
  - palynology, 13
- Cenomanian
  - Iberian Range
  - foraminifera, praealveolinids, 5
- China, Tanhe Formation
  - Devonian
  - Radiolaria, 33
- China, Tibet
  - Paleocene
  - Radiolaria, 17
- Conodonts
  - Jinogondolella artafrons*, 18
  - Permian, Middle
  - West Texas, 18
- Cretaceous
  - Radiolaria, 22
  - ostracods, brachycytherines, 25
  - Canada, northern
  - diatoms, 31
- Devonian
  - China, Tanhe Formation
  - Radiolaria, 33
- Diatoms
  - Azpeitia tabularis* group, 28
  - Cretaceous, Upper
  - Canada, northern, 31
  - Gyrosigma* and *Pleurosigma*, 30
  - Miocene, middle to Recent
  - Pacific Ocean, northwest, 28
- Dinoflagellates
  - Neogene, Upper
  - Morocco, 34
- Egypt
  - Paleogene
  - algae, 9
- Eocene
  - Israel
  - ostracods, 14
  - Oman Mountains
  - biostratigraphy, 1
- Foraminifera
  - Cenomanian
  - Iberian Range, 5
  - Cyclopeus pillaria*, 4
  - dry samples, 29
  - Luffiteina turcica*, 15
  - Lutetian
  - Turkey, 16
  - Maastrichtian
  - Turkey, central, 15
  - Middle Miocene to Lower Pliocene
  - Indonesia, Sulawesi, 4
  - planktonic to benthic ratio
  - Indonesia, Sulawesi, 4
  - Sirella safranboluensis*, 23
  - Sphaerogypsina anatolica*, 16
  - stable isotope analysis, 29
  - Turkey, north west
  - Lutetian, 23
- Germany, southern
  - Jurassic
  - radiolaria, 10
- Iberian Range
  - Cenomanian
  - foraminifera, 5
- Indonesia
  - Jurassic, Upper
  - Radiolaria, 24
  - Middle Miocene to Lower Pliocene
  - foraminifera, 4
- Israel, southern
  - Eocene
  - ostracods, 14
- Italy, Southern Alps
  - Jurassic, Fonzaso Formation
  - Radiolaria, 2
- Japan, Kagoshima Bay
  - ostracods
  - environmental analysis, 3
- Jurassic
  - Germany, southern
  - Radiolaria, 10
  - Radiolaria
  - Albania, Mirdita area, 8
  - Mediterranean and Japan
  - Radiolaria, 21
  - Italy, Southern Alps
  - Radiolaria, 2
  - Russia and North America
  - Radiolaria, 33
  - Turkey, southern
  - Radiolaria, 32
  - Indonesia
  - Radiolaria, 24
- Lutetian
  - Turkey, central
  - foraminifera, 16
  - Turkey, north west
  - foraminifera, 23
- Maastrichtian
  - Atlantic, north western margin
  - nannofossils, 27
  - Turkey, central
  - foraminifera, 15
- Mexico, Baja California
  - Pliensbachian (lower Jurassic)
  - Radiolaria, 35
- Middle East
  - paleobiogeography
  - ostracods, 12
- Miocene
  - Indonesia, Sulawesi
  - foraminifera, 4
  - Pacific Ocean, northwest
  - diatoms, 28
- Morocco
  - Neogene, Upper
  - dinoflagellates, 34

# Subject Index for 2002, continued

- Nannofossils  
Maastrichtian  
Atlantic, north western margin, 27
- Neogene  
Morocco  
dinoflagellates, 34
- North America  
Jurassic to Lower Cretaceous  
radiolaria, 33
- Oman Mountains  
Eocene, Late  
biostratigraphy, 1
- Ostracods  
*Acuminobrachycythere*, 25  
*Acuminobrachycythere bluffownensis*, 25  
*Acuminobrachycythere cussetnesis*, 25  
*Acuminobrachycythere diminuta*, 25  
*Acuminobrachycythere ventrolevis*, 25  
brachytherines  
Cretaceous, Late, 25  
distribution, 3  
*Echinocythereis agravensis*, 14  
Eocene  
Israel, southern, 14  
Japan, Kagoshima Bay  
environmental analysis, 3  
*Krithe benjaminii*, 14  
*Mauritsina jordanica israeliana*, 14  
*Paijenborchella druckmani*, 14  
paleobiogeography  
Africa and the Middle East, 12  
*Schizocythere guerneti*, 14
- Pacific Ocean, northwest  
Miocene, middle to Recent  
diatoms, 28
- Paleobiogeography  
Africa and the Middle East, 12
- Paleoceanography  
Cretaceous  
radiolaria, 22
- Paleocene  
China, Tibet  
Radiolaria, 17  
Egypt  
algae, 9
- Palynology  
Carboniferous, Late  
Yemen, 13
- Permian  
West Texas  
conodonts, 18  
Yemen  
palynology, 13
- Pliensbachian (lower Jurassic)  
Mexico, Baja California  
Radiolaria, 35
- Radiolaria  
*Acanthocircus kszuri*, 24  
*Acanthocircus waigoloensis*, 24  
*Acanthocircus tanzinhoki*, 24  
*Aitaum*, 24  
*Aitaum bipartitum*, 24  
*Aitaum yehae*, 24  
*Archaeospongoprimum coyotensis*, 35  
*Ares mexicanoensis*, 35  
*Bagotum funiculum*, 35  
*Bagotum kimbroughi*, 35  
*Bigrumpta moluccaensis*, 24  
*Bigrumpta*, 24  
*Bistarkum equalum*, 32  
*Canutus bolesi*, 35  
*Canutus diegoi*, 35  
Carboniferous, Lower  
Thailand, southernmost, 26  
*Ceratoikiscum coroniferum*, 33  
Cretaceous  
rates of evolution, 22  
*Crucella capaluluensis*, 24  
*Crucella hamiltoni*, 24  
*Crucella mirabunda*, 35  
*Crucella taliabuensis*, 24  
*Crucella westermanni*, 24  
*Cyclastrum asuncionense*, 35  
*Cyclastrum scammonense*, 35  
*Cyclastrum veracruzense*, 35  
Devonian  
China, Tanhe Formation, 19  
*Domuzdagia*, 10  
*Domuzdagia deweveri*, 10  
*Domuzdagia*, 10  
*Droetus sanignacioensis*, 35  
*Ducatus hipolitoensis*, 35  
*Eucyrtidiellum? circumperforatum*, 8  
*Grumpta*, 24  
*Grumpta australis*, 24  
*Grumpta sulaensis*, 24  
*Hsuum arenaense*, 35  
Jurassic  
Albania, Mirdita area, 8  
Germany, southern, 10  
Indonesia, 24  
Italy, Southern Alps, 2  
Mediterranean and Japan, 21  
Mexico, Baja California, 35  
Russia and North America, 33  
Turkey, southern, 32  
*Katroma aurita*, 35  
*Katroma hockacoeyensis*, 32  
*Katroma sashidai*, 32  
*Mendacastrum*, 10  
*Mendacastrum aculeatum*, 10  
*Mendacastrum baumgartneri*, 10  
*Neorelumbra skenderbegi*, 8  
*Orbiculiformella sanpabloensis*, 35
- Paleocene  
China, Tibet, 17  
*Paronaella notabilis*, 35  
*Paronaella shebajensis*, 8  
*Parvicingula blowi sibirica*, 33  
*Podocapsa abreojoensis*, 35  
*Praehexasaturnalis merici*, 32  
*Praeparvicingula bandaensis*, 24  
*Prahsuum vizcainoense*, 35  
*Protunuma quadriperforatus*, 21  
*Religa*, 35  
*Religa globosa*, 35  
*Saitoum? minai*, 35  
*Sethocapsa aitai*, 8  
*Sethocapsa kodrai*, 8  
*Stauracanthocircus sanraphaelensis*, 35  
*Stichocapsa ciccionea*, 8  
*Stichocapsa devorata arctica*, 33  
*Stichocapsa magnipora*, 8  
*Stigmospaerostylus cubicus*, 33  
*Striatojaponicapsa glomerulus*, 8  
*Theocapsomma costata*, 8  
*Transhum crassum*, 8  
*Tricolocapsa formosa*, 8  
*Trilonche xinpoensis*, 33  
*Unuma michelei*, 8  
*Willriedellum nodosum*, 8
